

**Jonathan Heckler Fiber Optic Technician | Repair & Troubleshooting Specialist 512-965-6569**

**Former Film Electrician / Film Construction / Film Professional transitioning into Fiber Optics**

## SUMMARY

Fiber Optic Technician with certifications in CFOT, CFOS-S, and CFOS-T supported by 16+ years of Construction, Fabrication, Pyro work, Metal work, and Electric systems for lighting on set. My background also includes general contracting and labor relations for a 501-c2. My background has given me strong adaptation and troubleshooting skills, whether in the office or out in the field. I keep current on my MEWP and OSHA 10 certifications. I believe in treating everyone with respect and handling job modus operandi with a professional work ethic. Early is on-time.

## FIBER OPTIC CERTIFICATIONS
